

Sub 16/092

I am writing to the commission urging the Constituency Commission to transfer South Mayo from Galway West Constituency and back into the four-seater Mayo constituency. The Commission has the right to decide on new boundaries or to leave boundaries as they are, after considering the results of last year's census.

I now ask the commission to leave the people of South Mayo in Mayo and have their voices heard in Mayo and now request the Commission to reverse the decision which was made in 2011 which placed up to 10,000 South Mayo people in the Galway West constituency.

Regards,
Oliver Walsh, Kilmaine, Co Mayo.
