Hi There

As a resident of East Meath I would like to bring to attention the silly scenario and current situation of East Meath having no real representative within the Louth constituency due to the changes made recently.

How on earth East Meath(South of Drogheda – Colpe, Beamore etc, Mornington, Bettystown and Laytown areas) is not present in the Meath East constituency il never know.

With all due respect to Declan Breathnach(FF), Gerry Adams(SF), Imelda Munster(SF), Fergus ODowd(FG) and Peter Fitzpatrick(FG), I don't think one of these people have ever been involved in this community so how on earth they can represent it is incredible. And all this change has really done is turn further people away from voting in general elections.
