**SUBMISSION ON DUBLIN CENTRAL**

I wish to propose that the Navan Road area which was removed from the Constituency of Dublin Central in the 2011 Boundary revision be restored.

I live fifty yards from Skreen Road, half of which is in Dublin Central and the other half in Dublin West.

The present boundary alignment divides the Navan Road and Ashtown communities in two. The Navan Road is traditionally part of the Cabra area and has no affinity with Castleknock or Blanchardstown.

I fully support the views and concerns expressed by the Navan Road Community Council in their submission and ask that Ashtown A, Ashtown B and the Phoenix Park be restored to Dublin Central and that the present three seat constituency of Dublin Central become a four-seater again.

Yours sincerely

**CLLR BRENDAN CARR**
