

Dear Commissioners,

As a resident of the Navan Road, I am asking that you transfer Ashtown A and B as well as Phoenix Park to Dublin Central and return it to a 4 seat constituency. The Navan Road community was badly affected by the last redraw, leaving us on the peripheries of Dublin West, with councillors on Dublin City Council and with 4 TDs closely tied to Fingal. The community spirit in the area has been badly damaged by the previous redraw as the Navan Road is much more linked with the Dublin Central urban environment than with the suburban nature of Dublin West.

Many thanks for your consideration,

Carmel Corcoran
