

Sub 16/411

I wish to make a submission to you in relation to the Tipperary those of us living north of Nenagh were transferred without consultations into the Laois-Offaly constituency. As a person who has voted in every general election for 40 years I object most strongly to this move. At the last election we were totally ignored by the Offaly candidates and many people did not vote. 3500 voted for a candidate who ran for Offaly but lives in Tipperary as a protest vote. I think the constituency should follow the county boundary and request a rethink of this division of Tipperary constituency.

Dromineer is under tipperary county council .We need the same for general elections .

Marie Whelan
